Discover Your  
Teaching Career

2017

This year, Educators Rising California and Santiago Canyon College invite California's best and brightest high school and undergraduate students to a full-day, interactive conference for students who are interested in careers in education. This year's conference includes keynote speaker Aric Bostick, student workshops, a panel discussion, sessions with college professors and current K-12 teachers, a college fair, and much more!

## Aric Bostick

Aric Bostick is one of the nation's top motivational speakers and success trainers. Formerly a teacher, Aric encourages teens to believe in themselves and teaches them how to set goals and follow their dreams. He travels to all corners of the United States, sharing the tools needed to live a fulfilling, successful life. Aric believes every student can achieve his or her goals, if given the motivation and right tools necessary to do so.
