

2017 Educators Rising California Conferences

We are excited to announce that this year's conference season was a great success. With a total of over 700+ student attendees, and over 35 workshops offered. This year's conference data indicates that our conferences bring STEM knowledge, career inspiration and pathway information to attendees.

Each conference was a full-day interactive event for students who are interested in careers in education. The day included an opening Keynote or panel, breakout sessions, college fair and more!

Here are some conference highlights!
