Step 2: Use these questions - and some of your own -
to facilitate a discussion with a student focus group
to get more out of this Speak Up data.

Step 3: Use the Professional Learning Discussion Guide
to facilitate a discussion with staff.

1. How have you learned to be safe online?
2. Why do you think all of these digital citizenship skills - safety, ethics, technology use, critical thinking - are important for you to learn in school?
3. When do you think students should start learning digital citizenship skills?
4. What are some of the ways you would like to learn these skills? And, how do you think elementary students should learn these skills?
5. Did you find any of this data surprising? Why?
